

Brand Guideline

Logo

Mascot

The Animoca Minds mascot embodies our AI agents: versatile, friendly, and always in motion. Its dynamic form reflects our commitment to making complex technology feel intuitive and human-centric.

Typography

GoogleFont

Manrope is the versatile geometric typeface that anchors our brand's visual identity.

Manrope is a clean, highly legible sans-serif that provides the perfect balance of subtle, friendly rounding and organic curves

Heading · heavy · 95%-85% leading · -5% tracking

Designed Around People.

Body · light · 1.5x line height

We craft AI agents that blend seamlessly into everyday life, making complex technology feel like second nature.

Color

Pristine White	#ECE7E0	#CCCCCC	#888888
Deep Blue	#FD8D1D	#E09557	#FFAC68
Blue	#394F95	#E09557	#9CA7CA

Our brand is built on a harmonious trio of colors: Pristine White, Vibrant Orange, and Deep Blue. This palette is designed to reflect our energy, intelligence, and clarity.

Always prioritize high contrast to keep the Animoca Minds identity bold and accessible. The "Best Practice" examples above show how pairing Deep Blue with White or Orange maximizes legibility and ensures the subject stands out instantly.

These curated combinations are designed for secondary graphics and UI elements. They provide a balanced, cohesive feel across complex illustrations while maintaining a strict adherence to our core visual DNA.

Chinese

Noto Sans TC Noto Sans SC

Noto Sans is our universal typeface for non-English languages. Use TC and SC variants for Chinese typography to ensure perfect legibility and a unified brand voice.
